

Don't miss the last
**Hartman and
Mottaz Case
Law Update**

Jay Hartman and Thomas Mottaz are the creators of the *Minnesota Workers' Compensation Deskbook* which was released in February 1993. They have been the editors since the beginning in addition to writing Deskbook chapters themselves. And every year between new editions of the Deskbook, they have updated the Deskbook with the latest case law and other workers' compensation law changes.

And beginning in 1993, Jay and Tom chaired the Deskbook seminar – which was first called “Minnesota Workers’ Compensation Practice” and later re-named the “Workers’ Compensation Deskbook Seminar.” Jay and Tom provided various updates each year, but their presentation was first officially called the “Hartman & Mottaz Case Update” in 2004.

And now, after many years of giving their incredibly helpful and fun case update, Jay and Tom are presenting their last case update session!

Don't miss this year's event – it will be very special and more fun than ever before. Register now and protect that date on your calendar!
